🎓 EDUCATION

Bachelor of Engineering in Artificial Intelligence and Machine learning
NMAM Institute of Technology
10/2020 – 08/2024 | Udupi, India
CGPA : 9.24

Higher secondary
Sri Chaitanya PU College
06/2018 – 07/2020 | Mangalore, India
Percentage : 90.67

High school
NITK English Medium School
06/2017 – 06/2018 | Mangalore, India
Percentage : 90

🧠 SKILLS

Python

HTML

CSS

SQL

Bootstrap

ReactJS

Tailwind CSS

Machine learning

Deep learning

Django

Tableau

🔑 INTERESTS

- Generative Adversial Networks (GAN)
- Prompt Engineering

🧩 INTERNSHIP

Data Science Intern
DLithe Consultancy Services Pvt Ltd
08/2022 – 09/2022

- Hands-on experience with diverse data visualization techniques and machine learning algorithms.
- Developed a Data Science Salary Trend project using Tableau for advanced data visualization.
- Gained practical skills in data analysis, visualization, and pattern recognition.

📁 PROJECTS

Image Captioning
Designed an image captioning tool that uses the **Attention Mechanism** to provide descriptive image captions, enhancing image comprehension for users in a simple and accessible way.

- Couture** [🔗](#)
- Couture is a responsive e-commerce platform developed using **HTML, CSS, Bootstrap and Django**.
 - It includes essential features such as adding items to the cart, product viewing, and includes secure payment integration that ensures smooth transactions.
 - It provides customers with a modern and engaging online experience.

- Data science salary Trend**
- Developed a model to predict job salaries based on various factors such as location and job roles.
 - The model achieved an **MSE of 0.79** and an **RMSE of 0.88**. To enhance model interpretability, we explored feature importance techniques to understand which factors played a significant role in determining salary levels.
 - Also utilized **Tableau** for data visualization, enabling clear and insightful representations of the data.

📄 CERTIFICATES

- Machine Learning A-Z™: AI, Python and R + ChatGPT Bonus [2023] [🔗](#)
